

THE 17 BEST TIPS FOR EFFECTIVE STUDYING

- ① Don't leave studying or homework to the last minute.

- ② Select a designated location for doing homework.

- ③ Have all school supplies at your desk and organize your study space.

- ④ Select the same time each day to focus on studying.

- ⑤ Remove any distractions – turn off phone, ask for privacy from family, clear away clutter, etc.

- ⑥ Use a color-coded timeline in your planner to highlight due dates, tests, etc.

- ⑦ Have sticky notes on hand to flag pages.

- ⑧ Read the directions in full.

- ⑨ Focus on learning, not just passing a test or completing an assignment.

- ⑩ Have different pens for highlighting items of importance, or to do more research on later.

- ⑪ Have water and a healthy snack on hand.

- ⑫ Check YouTube for videos on the topic to get a different perspective.

- ⑬ Take breaks.

- ⑭ Do homework or study with friends to share knowledge.

- ⑮ Explain the information to family or friends to show you understand the topic well enough to teach others.

- ⑯ Get enough sleep the night before tests and exams.

- ⑰ Leave time to check your work for mistakes in spelling or grammar.
